

Position: Associate

Location: Flexible, Austin TX, Dallas-Fort Worth TX, Denver CO, Boston MA, Indiana (preferred)

Preferred Application Deadline- January 15, 2022

Position Summary

As an Associate at Empower Schools, you will work closely with your teammates to build state-level movements to support opportunities to design and launch innovative solutions that can better meet the needs of students. Your support to cultivate partnerships, and to design, and implement projects will positively impact students who traditionally have been underserved. As part of this role, you will receive coaching, mentorship, and guidance from experienced leaders inside and outside of our organization.

The location for this position is flexible and currently remote, but our preference is Austin, TX, Dallas- Fort Worth, TX, Boston, MA, Denver, CO, or Indiana where we have staff on the ground. If public health conditions make travel possible, applicants must be willing to travel up to 30% of the time.

Who We Are

Empower Schools envisions a country where every student – especially those in underserved communities – has the opportunity to succeed in school and life. As a national non-profit, we catalyze innovative solutions by partnering with educators and communities to reimagine local education systems towards more equitable life outcomes for all students. We focus on three key areas:

- **Empowerment Zones-** We work with communities to design and launch sustainable local partnerships that enable transformative district schools. Empowerment Zone educators have the flexibility to make decisions that are right for their students, community, and staff.
- **Rural Collaboratives-** We work with rural communities to forge new partnerships and develop new ways to share resources so that students in rural areas have access to a great education and are equipped for college and career success.
- **Early College and Career Pathways-** We work with communities to create opportunities that lead to postsecondary success for all students. We foster innovative, sustainable, and scalable structures that bridge high school to college and career so students can get the head start and success they need even before they graduate high school.

To date, we have supported the design and launch of fourteen empowering partnerships across five states, serving more than 28,000 students attending 60 schools.

Who You Are

- You are committed to centering racial and socioeconomic equity in your work. You understand the impact of systemic and implicit racism and challenge yourself and others to support transformational outcomes for students across race and class.
- You are familiar with the challenges facing K-12 urban education (and/or excited and willing to learn). You are excited by developing creative solutions to challenges encountered at the school and system levels.
- You enjoy working individually and as part of a team and can build strong relationships with others.
- You are organized and interested in designing and implementing complex projects involving multiple stakeholders and tight deadlines.
- You thrive in a rapidly evolving environment and recognize that resourcefulness and effective communication skills are key to success.
- You can take ideas and solutions from brainstorming to fruition while engaging and incorporating the perspectives of others.
- You make time to reflect on your work to improve your effectiveness, you know how to self-advocate to get the support you need, and you can keep it all in perspective with a strong sense of humor.
- In short, you are a generalist interested in learning and growing your skills while working with a dynamic team on a wide range of projects.
